ACADEMIC DETAILS

Year	Degree/Exam	Institute	CGPA/Percentage
2028	Dual Degree (BCA)	JECRC University, Jaipur	7.34
2023	Class XII, CBSE	Maheshwari Public School, Jaipur	84%
2021	Class X, CBSE	Maheshwari Public School, Jaipur	84%

EXPERIENCE

Echor Trip: *PRODUCT LEAD - (Entrepreneurial Initiative)*

June '25-March '26

- Built a curated travel-decision MVP to reduce planning fatigue and unclear value comparisons across destinations.
- Conducted 25+ user interviews uncovering confusion around pricing, itinerary value & choice overload; converted insights into clear decision flows and transparent-pricing UI.
- Prototype tests with 40+ users showed ~40% faster comparison time and noticeably higher decision confidence.
- Generated 20+ qualified trip inquiries in the first month through MVP testing, validating early demand and user interest.

AIESEC IN JAIPUR: Senior Manager, Global Talent Operations

Aug '24-Present

- Matched partner requirements with candidate capabilities via structured international calls.
- Directed a team of 12-18 members to match company requirements with candidate profiles across global AIESEC entities and onboarded 25+ partner companies by setting structured expectations.
- Improved departmental revenue by increasing successful fulfilments and accelerating matching workflows across global entities.

JECRC INCUBATION CENTER (FOUNDER'S OFFICE): *Product & Operations Associate*

Sep '24-Mar '25

- Worked directly with the Founder's Office to support execution of startup initiatives, incubation programs, and leadership-driven university events and assisted in prioritizing tasks and tracking progress for ongoing incubation activities and startup support
- Managed cross-functional student teams in executing startup sessions, incubation events, and founder-led initiatives and coordinated with mentors, student founders, and departments to align requirements, resources, and timelines
- Impact: Improved execution reliability and reduced last-minute coordination issues across teams

PROJECTS

WEDDING BUTLER - AUTONOMOUS AI WEDDING ASSISTANT

- Build an AI-powered assistant to automate guest communication, scheduling, and coordination during weddings.
- Defined product workflows, user journeys, and engagement logic based on real wedding scenarios.
- Designed backend system architecture including intent engine, automation triggers, and personalization flows.

PM COPILOT - AI PRODUCT FOR POST-MEETING EXECUTION

- Identified "post-meeting overhead" as a key problem where PMs spend significant time converting discussions into actionable outputs
- Designed a structured product workflow to convert raw meeting transcripts into validated summaries, decisions, and prioritized tasks
- Built a validation and prioritization logic to ensure task accuracy, remove conflicting actions, and improve decision-to-execution clarity

COMPETITIONS/ CONFERENCES AND ACHIEVEMENTS

- Finalist, Smart India Hackathon screening round; built a working prototype and structured the complete solution workflow for a real-world problem statement.
- Secured 2nd position at AIESEC Jaipur Winter Conference Hackathon by driving rapid business development, onboarding 18 clients and closing 35+ deals within 48 hours.
- Ranked 1st at AIESEC National Conference Hackathon for delivering the highest number of approvals in the Global Volunteer & Talent domain across Indian entities
- Recognized as Best Senior Manager (R&R) at AIESEC for consistent leadership and execution performance.

SKILLS AND EXPERTISE

- **PRODUCT:** Product Discovery • MVP Scoping • Competitive Analysis • Product Strategy • OKRs • KPI's • A/B Testing
- **RESEARCH:** User Interviews • Insight Synthesis • Journey Mapping
- **Artificial Intelligence:** Large Language Models (LLMs) • Natural Language Processing (NLP) • Retrieval-Augmented Generation (RAG) • Prompt Engineering • Generative AI
- **AI Tools:** Claude Code (Rapid Prototyping • Automations • Product Analysis) • ChatGPT (Brainstorming)
 - Perplexity (Market Research) • Antigravity & Cursor (Vibe Coding) • Google NotebookLM • Google Gemini
- **PRODUCT SPECIFIC TOOLS:** Jira • Trello • Notion • Asana
- **Programming:** Python • SQL | **Software/Tools:** Microsoft Office • PowerBI • Figma • Google Workspace • Canva • GitHub

EXTRACURRICULARS AND ACHIEVEMENTS

- Google AI Professional Certification
- Arena Animation Web Design and Development Certificate
- Mckinsey Step Forward Program (Ongoing)
- IBM Product Management Certification
- Apna College Alpha (Web Development + DSA with JAVA)
